

Ruth Eckerd Hall!

RICHARD B. BAUMGARDNER CENTER FOR THE PERFORMING ARTS

To whom it may concern:

It is my pleasure to recommend Jennifer Barbaro and Exposed Elements as a professional and on an artistic level. Ruth Eckerd Hall, Inc. is a nationally recognized premier Performing Arts Center. We strive to offer traditional and innovative performances and experiences that will engage diverse audiences and participants, in order to advance the arts and enrich lives. The Galleries located in the lobbies of the Center are an integral part of that mission and allow the hall to engage our audiences in the visual arts by presenting the work of local artists.

Jennifer Barbaro produced a professional exhibit, providing a diverse mixture of thought provoking fine art & a professional, personable, & reliable group of artists through her co-founded group, Exposed Elements. Working with Jennifer was a pleasure and the exhibit was extraordinary. It was a fantastic experience for our audiences and enhanced the "second experience" that Ruth Eckerd Hall strives to maintain for our guests.

Sincerely,

Lisa Taylor
